<b>Target version:</b>	<b>Affected version:</b> 1.0.1
<b>Resolution:</b> Duplicate	
<b>Description</b> We use a top level project to view and search issues of al sub-projects, so wen enabled the ticket manahment for top-level project. The problems is that we still see the "New issue" tab which then shows a error message, that there is no tracker enabled. What would make sense, is that the "New issue" tab is not shown if there is no tracker enabled in the project.	
<b>Related issues:</b> Is duplicate of Redmine - Feature #4423: Suppress New Issue if no tracker is ... <b>Closed</b> <b>2009-12-16</b>
