

Redmine - Defect #6592

template missing showed when updating version info with invalid date

2010-10-07 06:53 - Nhan Nguyen

Status:	Closed	Start date:	2010-10-07
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Project settings	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Cant reproduce		
<b>Description</b> I'm using redmine 1.0.2 and have created some date fields for version custom field. When I update version info with invalid date, the error showed  suggestion: should handle case of unsuccessful update attributes in version controller -> update.			

History

- #1 - 2017-01-20 08:46 - Go MAEDA
- File validation-error.png added
  - Category changed from Projects to Project settings
  - Status changed from New to Closed
  - Resolution set to Cant reproduce

No problem in the current trunk (3.3.2.devel.16230).
