Description When adding a new task/issue, the watcher list should allow select all. It would also be great if it's possible to set the watcher list at project level.	
Related issues: Is duplicate of Redmine - Feature #4386: Select all for watchers New 2009-12-11

+1

As a hack today, I created a user with an email list equal to a distribution list to add similar capability.

Also would be nice to have a way to CC people by default.

This is a verbatim duplicate of [#4386](#).

It does talks about Project level list which is covered under [#13555](#)
