Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
I get the following with rev 4302 of /trunk when attempting to create a new issue or viewing issue details (listing all issues, roadmap, etc. seem to work fine):			
Processing IssuesController#new (for 10.146.130.6 at 2010-10-28 06:19:51) [GET]			
Parameters: {"project_id"=>"testproject", "action"=>"new", "controller"=>"issues"}			
Rendering template within layouts/base			
Rendering issues/new			
ActionView::TemplateError (wrong number of arguments (0 for 1)) on line #21 of app/views/issues/_attributes.rhtml:			
18:	:title => I(:label_issue_category_new),		
19:	:tabindex => 199) if authorize_for('issue_categories', 'new') ></p>		
20:	< end >		
21:	< unless @issue.assignable_versions.empty? >		
22:	<p><= f.select :fixed_version_id, version_options_for_select(@issue.assignable_versions, @issue.fixed_version), :include_blank => true >

History

#1 - 2010-10-28 17:26 - Pawel Micun

No issue if I wipe the database and start from scratch :(
Could someone give me some pointers for validating/cleaning the data?

Thanks,
Pawel

#2 - 2010-10-28 19:47 - Felix Schäfer

Did you get any error while migrating the DB?

#3 - 2010-10-28 20:39 - Pawel Micun

- *Status changed from New to Resolved*

No errors during migration.

The issue went away after I installed the schedules plugin (which I had under 0.8 as well).

Apologies for the noise,
Pawel

#4 - 2010-10-28 21:02 - Eric Davis

- *Status changed from Resolved to Closed*

- *Resolution set to Invalid*
