

Redmine - Feature #682

Create a new issue based of a forum message

2008-02-18 04:26 - Paul Macdonnell

Status:	New	Start date:	2008-02-18
Priority:	Normal	Due date:

Category:	Issues	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
We are starting to make more use of the forums for our business users to make suggestions, run ideas past us, etc first before actually creating a new issue. It would be great to be able to take a forum message and add that as an issue into the project automagically.
