Description

DEPRECATION WARNING: Kernel#returning has been deprecated in favor of Object#tap. (called from call_hook at ../rails/lib/redmine/hook.rb:60)

- Rails v2.3.10, not sure if the app is ready for that version, but thought you might want to see the warning anyway
- Ruby v1.8.6

History

- Status changed from New to Closed

Thanks for the heads-up, JPLang already took care of that in [r4406](#) / [#6887](#). Redmine is not rails 2.3.10 ready yet, but progress is tracked in [#6887](#).
