

Redmine - Defect #6898

Watchers not visible for Manager role

2010-11-15 15:55 - Michael Aye

Status:	Closed	Start date:	2010-11-15
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description System: Redmine 1.0.1 My role: Manager Permissions are set for Managers to add, see, and delete watchers. Symptom: I create (as Manager) a new task and add watchers, but I can't see/verify later if these watchers are set because i can't see the list of added watchers. As I recall, this was working correctly in previous Redmine versions.
