Redmine - Defect #7122

Issue-description Quote-button missing

2010-12-17 00:31 - Mischa The Evil

Status:	Closed		**Start date:**	2010-12-17
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	UI		**Estimated time:**	0.00 hour
Target version:	1.0.5			
Resolution:	Fixed		**Affected version:**	1.0.1

Description

Due to the refactoring of the IssuesController, IssuesController#reply has been moved into JournalsController#new in r3941. During this specific refactoring one LOC has been forgotten to be changed according to the new controller-schema.
This fault causes that issue description's quote-button is not showing up in the UI.

I've been able to patch this defect using the following change (which I won't upload as a seperate patch-file due to its size :):

```
Index: app/views/issues/show.rhtml
===================================================================
--- app/views/issues/show.rhtml (revision 4515)
+++ app/views/issues/show.rhtml (working copy)
@@ -49,7 +49,7 @@
 <hr />
 <% if @issue.description? %>
        <div class="contextual">
-       <%= link_to_remote_if_authorized(l(:button_quote), { :url => {:action => 'reply', :id => @
issue} }, :class => 'icon icon-comment') %>
+       <%= link_to_remote_if_authorized(l(:button_quote), { :url => {:controller => 'journals', :
action => 'new', :id => @issue} }, :class => 'icon icon-comment') %>
        </div>

        <p><strong><%=l(:field_description)%></strong></p>
```

Since this (small) issue is affecting current stable branch (actually, it's introduced in Redmine 1.0.1) I've set the target version to 1.0.5. Please correct it if necessary...

Associated revisions

Revision 4530 - 2010-12-18 14:40 - Jean-Philippe Lang

Fixed: issue description Quote button lost by r3941 (#7122).

History

#1 - 2010-12-18 14:34 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

Fixed in r4530 with a simple test and merged in 1.0-stable.
Thanks.
