fix double "one" in Polish translation by Filou Centrinov (#7202)

History

#1 - 2011-04-18 01:05 - Toshi MARUYAMA

Your patch target is old.
Please update patch to SVN trunk.

#2 - 2013-02-14 18:27 - Filou Centrinov

- *File pl.patch added*

I merged the patch from #5379 and from this issue here. There are still some untranslated labels, but I think we should already commit my merged language patch, so people won't do double work with the next translation patch.

#3 - 2013-02-14 18:41 - Filou Centrinov

- *File pl.yml-2.patch added*

Update: Fixed label_personalize_page.

#4 - 2013-02-14 18:53 - Filou Centrinov

- *File pl.yml-3.patch added*

#5 - 2013-02-14 19:06 - Filou Centrinov

- File letter-not-displayed.png added

Some letters in label_personalize_page are not displayed in the online file preview. See attachment:letter-not-displayed.png. In my texteditor everything seems to be fine. Any idea? So please pay attention when committing.

#6 - 2013-02-14 23:46 - Toshi MARUYAMA
