

Redmine - Feature #7360

Issue Custom Query: Default Query

2011-01-18 15:51 - Mike Kokhanov

Status:	New	Start date:	2011-01-18
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	Unplanned backlogs		
Resolution:			
Description			
It would be nice to be able to create a default custom query, so when I get to issue list of a project, I don't need to select my preferable custom query from the list.

History

#1 - 2011-02-07 21:27 - James Holle

+1 This would be great!

#2 - 2011-03-25 16:36 - Robin McKenzie

+1 definitely, been wanting this for ages! Ideally each user would be able to determine their own custom query for each project, rather than it being a project-level setting.

#3 - 2011-03-26 06:08 - Mike Kokhanov

- Assignee set to Azamat Hackimov

#4 - 2011-03-26 13:12 - Etienne Massip

- Assignee deleted (Azamat Hackimov)

#5 - 2011-04-14 15:17 - Vincent Frédéric

+1 Indeed would be nice for a user to set is default query for a given project. So a user could create a query to see only his tickets or the ticket related to a version he is currently working on. In fact he can already do all of this. Only thing missing is to automatically have that list query displayed when he clicks on "Issues".

#6 - 2011-05-19 08:47 - pasquale [:dedalus]

+1 very important

#7 - 2011-11-22 20:00 - Adam Soltys

+1

And, if the query is a public query, then you should have the option of specifying whether it's the default for everyone or just your own personal default.

#8 - 2012-02-17 19:46 - Victor Freitas

+1 Very important

#9 - 2012-06-07 19:57 - Keven Marin

+1 for that feature that we should not forget.

#10 - 2013-01-17 09:26 - Chinh Do

+1 Super important

#11 - 2013-03-16 18:27 - Rafael B.

+1

Reducing just one click seems like such a waste of coding time, but clicking a couple of hundred times every week twice as much is such a waste of effort. This would be a huge usability improvement.

#12 - 2013-04-08 03:34 - kangbo kimk

+1 Very much important. One must click his favorite issue pages when new html page open. It takes a lot of time from many users by redoing that.

#13 - 2013-04-28 15:39 - Matthieu Poncin

+1 And if the query is public, it would be usefull to have an option to put the query default for every users.

#14 - 2013-10-09 10:43 - Miodrag Milic

+1

#15 - 2013-11-03 03:43 - Kent Ou

+1 I'm going to do that myself

#16 - 2013-11-18 20:31 - Maxim Krušina

+1

#17 - 2013-12-12 11:16 - Pierre de LESPINAY

+1

#18 - 2013-12-12 15:26 - Daniel Felix

Yes this could be quite useful. I have some projects which needs a special filter or a special column display (due to some custom fields) to get displayed correct. If there would be a default view, for each user in each project or a default project with the new role wide filters, this would be great.

#19 - 2014-02-07 16:53 - Massimo Rossello

+1

#20 - 2014-02-18 09:28 - Richard Gunn

+1

#21 - 2014-03-31 12:10 - Tim Craig

+1 Important everyone views important information on issues list without having to select custom query every time.

#22 - 2014-05-06 09:16 - Enmos Proje

+1

Each time we open the tasks list, every one of us has to rearrange the list before starting to use it. We have custom queries but you forget to select them. This feature would save a huge amount of time and bad language :)

#23 - 2014-06-30 17:22 - Roberto Viola

+1

#24 - 2014-07-15 14:45 - Florian Kaiser

+1

That would save me a lot of time.

#25 - 2014-08-11 04:32 - Katsuya HIDAHA

+1

I also hope strongly that this feature is implemented. So, i made the [redmine_default_custom_query](#) plugin as an alternative.

#26 - 2014-08-11 06:06 - Lajish Lakshmanan

@Hidaka Katsuya,

Maybe you can send a patch file to the redmine developers so they can add it easily.

#28 - 2014-10-03 05:39 - Katsuya HIDAHA

Florian Kaiser wrote:

Yes, i'll try.

#29 - 2015-04-14 15:15 - Go MAEDA

- Duplicated by Feature #12689: Default query for every Project added

#30 - 2015-04-14 15:20 - Go MAEDA

- Duplicated by Feature #7244: Default query per project added

#31 - 2015-04-14 15:23 - Go MAEDA

- Related to Feature #5515: user select default issue query added

#32 - 2015-05-13 04:22 - Toshi MARUYAMA

- Related to Feature #4015: Make app settings overridable at project level added

#33 - 2015-12-02 12:25 - Sebastian Paluch

+1

This would really make everything more readable and would make life easier for our everyday users.

#34 - 2016-03-07 11:01 - Go MAEDA

- Related to Feature #22156: Is there a way to set the filter status to be "Any" by default? added

#35 - 2016-03-23 08:48 - Takenori TAKAKI

- File `default_custom_query_trunk_r15273.patch` added

I made a patch. It integrates Katsuya Hidaka's plugin ([redmine_default_custom_query](#)) to Redmine.
I do appreciate Katsuya Hidaka's work. and I would be happy if I could see the feature in Redmine 3.3.0.

this patch is compatibled with latest trunk r15273. and It also includes the test code.

#36 - 2016-04-07 08:44 - Takenori TAKAKI

- File `default_custom_query_trunk_r15303.patch` added

I have arranged my patch (attachment:default_custom_query_trunk_r15273.patch) for below:

- add 'default_query_id' to "Project(projects) "
- change position of the 'default-query drop-down', to 'Information Tab'
- remove permission & module "Manage default query"
- improve code a little bit, and add tests
- Compatible with latest trunk (r15303)

#37 - 2016-04-11 10:32 - Go MAEDA

- Target version set to 3.3.0

attachment:default_custom_query_trunk_r15303.patch works fine and passed all test.

This is a great feature. Many users hope for this feature (this issue have got 24 "+1"s and the original plugin [redmine_default_custom_query](#) written by Katsuya HIDAHA have got 25 stars on GitHub).

It would be great if we could see this feature in the next release. Now I am setting target version to 3.3.0.

#38 - 2016-04-11 10:57 - Go MAEDA

- File `default-query-settings.png` added

- File `default-query-list.png` added

Screenshots of the patch, contributed by Katsuya HIDAHA and Takenori TAKAKI.

#39 - 2016-05-02 07:55 - Katsuya HIDAHA

+1 I'm creator of Default Custom Query plugin. I think that this patch (based on Default Custom Query plugin and written by Takenori Takaki) is one of

the best way for providing customization of default issues for each project. I hope that this feature is merged!!

#40 - 2016-05-07 09:48 - Jean-Philippe Lang

- *Target version changed from 3.3.0 to 3.4.0*

As requested above, we should provide different level of default query: per project (as implemented in the patch) but also by user. We should also be able to provide default queries for the global issue list.

#41 - 2016-05-10 11:11 - Go MAEDA

- *Duplicated by Feature #16102: Default Filters for queries in a project added*

#42 - 2016-06-13 17:40 - Nils Grimm

+1, this would be wonderful.

#43 - 2016-08-16 09:39 - JW Fuchs

+1

#44 - 2016-08-29 03:31 - Go MAEDA

- *Related to Defect #13508: About default filter for assignee added*

#45 - 2016-09-21 15:27 - Luiz Moura

+1

#47 - 2016-12-24 07:36 - Go MAEDA

- *Duplicated by Feature #2829: Ability to set default search filter for Issues added*

#48 - 2016-12-25 09:30 - Go MAEDA

- *Duplicated by Feature #7993: Select Default Report (or Custom Report quick links) added*

#49 - 2017-01-06 08:56 - Florian Riedel

+1

#50 - 2017-01-11 16:48 - Go MAEDA

- *Duplicated by Feature #9279: How to Apply custom queries for issues as default view for this project added*

#51 - 2017-02-15 14:28 - Go MAEDA

- *Related to Feature #7659: Add the possibility to sort issues by last_update date, by default added*

#52 - 2017-02-26 20:36 - Stefan Lindner

+1

#53 - 2017-03-17 08:08 - Ilya Potapov

+1

#54 - 2017-03-18 16:29 - Toshi MARUYAMA

- Related to Feature #3967: Ability to define default columns to display based on project added

#55 - 2017-04-20 01:54 - Hirofumi Kadoya

+1

#56 - 2017-06-17 09:59 - Jean-Philippe Lang

- Target version deleted (3.4.0)

#57 - 2017-06-18 14:12 - Mischa The Evil

- Target version set to Unplanned backlogs

Let's try to keep this on the roadmap; setting target to unplanned.

#58 - 2017-09-23 04:02 - Go MAEDA

- Related to Defect #14753: Remember issue filter for each project added

#59 - 2017-10-19 20:50 - Jules Bowie

+1

#60 - 2017-11-04 05:44 - Go MAEDA

- Related to Feature #27128: Ability to choose default sort by column for all projects added

#61 - 2017-12-07 08:09 - Ilya Prokazov

+1

#62 - 2017-12-27 16:19 - Toshi MARUYAMA

- Related to deleted (Feature #22156: Is there a way to set the filter status to be "Any" by default?)

#63 - 2017-12-27 16:19 - Toshi MARUYAMA

- Duplicated by Feature #22156: Is there a way to set the filter status to be "Any" by default? added

#64 - 2018-04-12 11:50 - Yar n

+1

#65 - 2018-06-26 09:46 - Mizuki ISHIKAWA

- File default_custom_trunk_r17417.patch added

+1

The patch of #7360#note-36 which was not working according to version upgrade was fixed to work on trunk.
I would like the continuation of work to realize this feature.

#66 - 2018-07-02 15:48 - Go MAEDA

- Duplicated by Feature #16249: Configure columns per project added

#67 - 2018-09-28 20:20 - Tim Fischbach

+1

#68 - 2019-02-04 18:38 - Marcel Müller

+1 !

Is there any reason this feature / patch got rejected? Would be really useful to have something like this... Maybe 4.1.0?!

#69 - 2019-02-14 20:30 - FX Deltombe

+1 !

#70 - 2019-03-06 15:52 - Marcus Fleuti

+1!

I hope that this feature will be release soon too. It's very annoying. It should be possible to define a global default filter and then save a dedicated filter per project.

#71 - 2019-04-26 18:07 - Michael Barry

I would like to throw my +1 into the ring! This functionality would be super beneficial to have native to Redmine. Crossing my fingers for 4.1.0 (or sooner!)
