

Redmine - Defect #737

custom field cannot be displayed on the issue list

2008-02-25 14:53 - Konrad Jelen

Status:	Closed	Start date:	2008-02-25
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
the custom field, with marked all trackers, default for all projects, required etc.. etc.. is not being displayed on the issue list even if in Administration->Settings page has been marked to be displayed.			

History

#1 - 2008-02-26 22:36 - Jean-Philippe Lang

I can't reproduce. What Rails version and database are you using ?
Could you post a screenshot of the issue list ?

#2 - 2008-02-28 23:02 - Rocco Stanzione

Marking it for all projects just makes it available to all projects. You have to enable it in the individual projects by selecting it in the project settings.

#3 - 2008-04-30 13:46 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Invalid
