Description

When filing a new issue (a bug, feature, or another tracker), the top choice in "status" is repeated in the dropdown. That is:

<select id="issue_status_id" name="issue[status_id]"><option value="1" selected="selected">New</option>
<option value="1" selected="selected">New</option>
<option value="2">Assigned</option>

We've confirmed that it's only in the configuration once.
