Description Hi, Our Redmine is 1.1.1, Bulgarian Cyrillic. There is an annoying visual defect in Gantt charts. When issues names are long, they are wrapped to next line, but are not displayed properly. The characters on the second line are displayed partially. Here is an illustration of what I mean: redmine-gantt-wrapped.jpg			
Related issues: Is duplicate of Redmine - Defect #7280: Issues subjects wrap in GanttClosed2011-01-11
