Redmine - Defect #7534

upgrade from 0.8.7 to 1.1.0 - now lots of template variables aren't replaced

2011-02-03 18:36 - Caspar MacRae

Any advice gratefully received as I pushed this into production thinking this issue wasn't that serious and didn't test the email notification first :-/

History

#1 - 2011-02-03 19:08 - Etienne Massip

Isn't it a duplicate of #7013 ?

Do you have the required 0.4.2 version of the i18n gem ?

#2 - 2011-02-04 09:55 - Caspar MacRae

Yes, it is thanks Etienne, I did search issues, don't know how I missed the others.

For reference, as per comment on <u>#7013</u> you must ensure **only** version 4.2 is installed:

#gem install i18n -v=0.4.2 #gem uninstall i18n -v=0.5.0

#3 - 2011-02-04 09:58 - Caspar MacRae

- Status changed from New to Resolved

(this needs to be marked as a duplicate, but don't seem to be able to do this)

#4 - 2011-02-04 10:00 - Etienne Massip

- Category set to I18n
- Status changed from Resolved to Closed
- Resolution set to Duplicate

Closed as duplicate of #7013

#5 - 2011-03-04 09:40 - Vlad Posea

- File Screenshot_-_3_4_2011____10_38_42_AM.jpg added
- Status changed from Closed to Reopened

I have read the <u>#7013</u> and this issue also and this bug is still occurring. I have the following gems

actionmailer (2.3.4) actionpack (2.3.4) activerecord (2.3.4) activeresource (2.3.4) activesupport (2.3.4) daemon_controller (0.2.6) fastthread (1.0.7) file-tail (1.0.5) i18n (0.4.2) #i don't have 0.5.0 and i can't install an earlier version mysql (2.8.1) passenger (3.0.4) rack (1.2.1, 1.0.1) rails (2.3.4) rake (0.8.7) spruz (0.2.5)

and the following configuration:

1.8.7 (i486-linux) Ruby version RubyGems version 1.4.2 Rack version 10 Rails version 2.3.4 Active Record version 2.3.4 Active Resource version 2.3.4 Action Mailer version 2.3.4 Active Support version 2.3.4 Application root /srv/redmine-1.1 Environment production Database adapter mysql Database schema version 20101114115359

#6 - 2011-03-04 09:45 - Etienne Massip

1.1.0 does not support Rails 2.3.4. Please consider upgrading to 2.3.5.

#7 - 2011-03-16 22:44 - Jason Meinzer

I just upgraded to 1.1.2.stable.5157 to try to fix this problem but it did not help. I am still seeing these types of things everywhere:

Defect: %{count} open / %{total}
Feature: 1 open / %{total}

I have only 0.4.2 of i18n installed.

#8 - 2011-03-17 11:20 - Etienne Massip

Did you restart your server ?

#9 - 2011-03-21 23:23 - Jason Meinzer

Etienne Massip wrote:

Did you restart your server ?

Yes.

#10 - 2015-04-05 07:18 - Go MAEDA

- Status changed from Reopened to Closed

Redmine 1.1 is too old and this issue can be resolved by installing latest Redmine. I close this issue.
