Resolution: Affected version:

Description

Trac lets you simply say FooBar to reference that particular wiki page

Also you can use !FooBar to prevent a link to that page

This converts both into a Redmine format

Associated revisions

Revision 1242 - 2008-03-13 06:48 - John Goerzen

Support WikiCaps for Trac migrations

Trac wikis support WikiCaps for links to pages. They also use !WikiCaps syntax to prevent links. Support both.

Uses patch from and closes #758.

History

#1 - 2008-03-13 07:17 - John Goerzen

- Status changed from New to Closed
- % Done changed from 0 to 100

Applied in changeset r1242.
