Redmine - Defect #7585

Bug and related meta-bug (subtask-task) behavior

2011-02-09 09:29 - pasquale [:dedalus]

Status:	Closed		**Start date:**	2011-02-09
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	1.1.0

Description

It seems impossible to assigne an existing bug as subtask of newly created meta-bug: it's only possible to assigne a subtask if the parent bug (meta-bug) is already existing.
This is a wrong behavior because I can create differents bugs and then group them with a parent bug (meta-bug).

My mystake: it's Invalid, because it's possible to assign an existing bug to a meta-bug (parent task): symple clicking on "more" link
