

Redmine - Defect #759

Can not view a project without View time entries permission

2008-03-01 11:57 - Brad Miller

Status:	Closed	Start date:	2008-03-01
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Projects	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
<p>If a role does not have the View time entries permissions set, they get the internal error page when trying to access a project. Turning the permission on results in the project loading as normal. This is happening for me with the time tracking module both on and off.</p> <p>Running 0.6.devel.1183.</p>
