Target version:				
Resolution:			**Affected version:**	

Description

Many places accept wiki syntax:

- wiki pages
- issue descriptions
- project descriptions
- the site welcome description
- probably many more...

Of these, only the wiki pages show the "text formatting help" link, even though they all use the same text formatting.

All pages should show that.

Associated revisions

Revision 1190 - 2008-03-05 12:14 - Jean-Philippe Lang

Display wiki syntax quick ref link within the jstoolbar (closes #629, #767).
Added named links syntax on quick ref (closes #766, #778).
