

Redmine - Patch #7701

Updated Project/Index to appear more like Admin/Projects

2011-02-23 21:36 - Alex Bevilacqua

Status:	Closed	Start date:	2011-02-23

Target version:			

Description

This is just a simple visual patch against app/views/projects/index.rhtml to make the project tree layout look more like the project list under the admin view.

Index: app/views/projects/index.rhtml

=====

<h2><%=l(:label_project_plural)%></h2>

-<%= render_project_hierarchy(@projects)%>

+<div class="autoscroll">

+<table class="list">

+ <tbody>

+<% project_tree(@projects) do |project, level| %>

+ <tr class="<%= cycle("odd", "even") %> <%= project.css_classes %> <%= level > 0 ? "idnt idnt-#{level}" : nil %>">

+ <td class="name"><%= link_to_project(project,

+ { :action => 'settings'},

+ :title => project.short_description, :class => "project #{User.current.member_of?(project) ? 'my-project' : nil}" %>

+ <% unless project.description.blank? %>

+

+ <div class='wiki description' style="font-size: 10px"><%= textilizable(project.short_description, :project => project) %></div>

+ <% end %>

+ </td>

+ </tr>

+<% end %>

+ </tbody>

+</table>

+</div>

+

<% if User.current.logged? %>

<p style="text-align:right;">

<%= l(:label_my_projects) %>

For a quick preview of what this looks like, I have my personal install patched at <http://alexbevi.com/projects>.

Duplicates Redmine - Feature # 29482: Query system for Projects page

Closed

History

#1 - 2011-02-23 21:37 - Alex Bevilacqua

NOTE I have a hardcoded style in the above that shouldn't be there (style="font-size: 10px") ...

#2 - 2011-02-23 21:40 - Alex Bevilacqua

NOTE 2 Oops, I left the :action => 'settings' option in there ... it should actually be link_to_project(project, {}, ..., not link_to_project(project, {:action => 'settings'}, ...
