Description

Hello,

if I set the status of a ticket on 'Hold', I cannot change it if I update the ticket. I habe to move the ticket and can then in the move dialog change the status.

How did you move your issue (different tracker, different project ?) and could you reproduce here the workflow definitions involved ?

#2 - 2011-02-24 14:56 - Erwin Schliske

- Status changed from New to Resolved

- % Done changed from 0 to 100

The workflow definitions were the hint I needed. Now it works. Thank you very much.
