

Redmine - Feature #7769

Sortable columns in issue lists on "My page"

Category:	My page	Estimated time:	0.00 hour
Target version:	3.4.0		
Resolution:	Fixed		
Description			
<p>The "my page" shows lists of, for instance, issues assigned to me. However, the ordering is fixed and cannot be changed (Redmine 1.1.1); it would be very convenient to have the same column headers as in the "Issues" tab, where you can order by any column shown by clicking on the column header.</p>

This would be great, as well as adding a "due date" column. Basically, it should be customizable like the issues page on a project.

Without this feature, the "my page" page is basically useless for me as I have tons of issues open, most of them things I need to get around to doing sometime in the next 6 months, so it is impossible to see which issues actually matter.

#5 - 2017-04-14 10:05 - Go MAEDA

- Subject changed from Sortable columns in the overviews on "my page" to Sortable columns in issue lists on "My page"

- Status changed from New to Resolved

- Target version set to 3.4.0

- Resolution set to Fixed

Implemented by r16400 for upcoming 3.4.0.

I am setting target version to 3.4.0 because I think this useful improvement should appear on Changelog.
