Redmine - Defect #7778
Multi-user task
2011-03-04 14:32 - Il'ya Shakitko

Status: Closed
Priority: Normal
Assignee:
Category: Issues
Target version:
Resolution: Duplicate

Description

Hello.

In Redmine is not possible to put the problem into several developers. What if on one task are 2 or more people? Put them in the viewers? (but it is not convenient) Copy the same task? (this is not correct in terms of development)
