**Description**

I have not found a way to search for issues that block something.
ie. show me all open issues for a given project / milestone that block another issue.

Having a filter in the issue search of 'related' with the existing options ( 'blocks', 'blocked by', 'duplicates', 'duplicated by', ...) would allow that.

I would like to display the relationship type in the search results so that field should be in the display options / grouping options section. But it probably should not be in the defaults for display.

## History

**#1 - 2011-03-08 21:18 - Jean-Philippe Lang**

*- Tracker changed from Defect to Feature*

*- Subject changed from can not filter issues using related by values to Filter issues by relation type*

**#2 - 2011-04-12 16:33 - Maxim Nikolaevich**

this issue looks like [#4985](#4985)

**#3 - 2011-04-12 16:36 - Gerry Hawkins**

Thanks Maxim. It does sound very much like what [#4985](#4985) is talking about.

**#4 - 2012-09-27 21:16 - Jean-Philippe Lang**

*- Status changed from New to Closed*

*- Resolution set to Duplicate*
