Ability to save Gantt query filters (#7836).

History

#1 - 2011-03-11 13:47 - Fernando Hartmann

+1

#2 - 2011-03-11 16:11 - Etienne Massip

- Subject changed from Gantt Filter to Ability to save Gantt query filters

- Category set to Gantt

I thought this feature there has already been opened some time ago, but I can't find it anymore.

#3 - 2011-03-15 02:49 - Jos Accapadi

Just found the need for this today, and no way to save a Gantt filter. Having to go back and redo it each time is a usability irritation.

Ideally, this filter can be used wherever, whether in the issues list or Gantt or Calendar. Calendar needs it as well.

One filter capability across all views. I can just save it once, and have it apply to different views.

I have the same opinion as Jos Accapadi has: Gantt, Calendar and Issue list should share their filters. Optionally (and I personally would never use this) you could probably individually specify whether the filter should be shown on Gantt, Calendar or Issue list

+1 for this feature

In addition with the new progress line and relations in gantt, this would be very great.

#11 - 2013-03-17 10:30 - Daniel Felix

- *Target version set to 2.4.0*

This would be great after 2.3 gets a better gantt diagram!

#12 - 2013-03-26 14:26 - Dipan Mehta

+1. Great feature.

#13 - 2013-07-14 15:42 - Jean-Philippe Lang

- *Status changed from New to Closed*

- *Assignee set to Jean-Philippe Lang*

- *Resolution set to Fixed*

Feature added in r12020. You can now save queries from the gantt. Rendering options (relations and progress line) are saved along with the filters.
