

Redmine - Patch #7851

Italian translation for 'issue'

2011-03-13 19:04 - Riccardo Rocca

Status:	Closed	Start date:	2011-03-13
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Translations	Estimated time:	0.00 hour
Target version:	2.3.0		
Description			
As I may use tracker to define issues which are not necessarily problems, I think a better translation could be 'Segnalazione' (more generic) instead 'Anomalia' (which means there is a problem).

Revision 11370 - 2013-02-13 12:22 - Toshi MARUYAMA

Italian translation changed by Luca Colombini (#7851)

History

#1 - 2013-02-10 19:07 - Filou Centrinov

This seems already be done. But there are two further translations left using the word "anomalia".

```
text_issue_added: "E' stata segnalata l'anomalia %{id} da %{author}."
text_issue_updated: "L'anomalia %{id} è stata aggiornata da %{author}."
```

Any italian here?

#2 - 2013-02-10 20:27 - Luca Colombini

Hi there,

I have noticed this patch title while documenting myself about Redmine.

I am a native Italian and both phases are correct with "anomalia", but they must be rephased when using "segnalazione" as follow:

```
text_issue_added: "%{author} ha aggiunto la segnalazione %{id}"
text_issue_updated: "La segnalazione %{id} è stata aggiornata da %{author}."
```

Luca.

#3 - 2013-02-13 13:02 - Toshi MARUYAMA

- Status changed from New to Closed
- Target version set to 2.3.0

Luca Colombini wrote:

```
text_issue_added: "%{author} ha aggiunto la segnalazione %{id}"
text_issue_updated: "La segnalazione %{id} è stata aggiornata da %{author}."
```

I added '.' to text_issue_added and committed in trunk [r11370](#), thanks.
