In the gantt vertical bar appears but is not required (only a task). If a move the bar a move the gantt bars but not the subjects.

I think the solution is in the file /redmine/app/views/gantts/show.html.erb (line 91):

Before

```
<div style="position:relative;height:<%= t_height + 24 >px;overflow:auto;">
```

After

```
<div style="position:relative;height:<%= t_height + 24 %>px;overflow-x:auto;;overflow-y:hidden">
```
