

Redmine - Patch #7895

Git, Mercurial: Allow source links using a tag in addition to revision hashes

2011-03-16 22:51 - Shane Corgatelli

Status:	New	Start date:	2011-03-16
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:			
Description			
Loosens up the regex for the revision specifier in source links to allow for linking to git tags. Basically allows all word characters, '.' and '-'. This allows me do do something like:			
<pre>released in source:@v1.26.2</pre>			
Patch is based off 1.0.1.			

History

#1 - 2011-03-17 05:37 - Toshi MARUYAMA

- Tracker changed from Defect to Patch
- Category changed from Text formatting to SCM

#2 - 2011-03-17 05:38 - Toshi MARUYAMA
