

## Redmine - Defect #795

### html svn log not escaped

2008-03-06 11:51 - Luca Pireddu

<b>Status:</b> Closed	<b>Start date:</b> 2008-03-06
<b>Priority:</b> Normal	<b>Due date:</b>

<b>Target version:</b>	<b>Affected version:</b>
<b>Resolution:</b> Fixed	

**Description**

When HTML is included in the text of an svn log entry the tag is not escaped before being displayed. For example, with the log entry "now in-place edit works for other <input> types as well." The redmine page contains an input text field instead of "<input>"

The bug manifests itself at least on the pages:

- /repositories/show/ (Latest revisions section)
- /repositories/revision/
- /repositories/revisions/
- /repositories/changes/

#### Associated revisions

##### Revision 1216 - 2008-03-09 12:47 - Jean-Philippe Lang

Textile formatting:

- escape html tags, except pre tags (#807, #795)
- try to avoid unwanted quick phrase modifiers

#### History

##### #1 - 2008-03-09 14:10 - Jean-Philippe Lang

- *Category set to UI*
- *Status changed from New to Closed*
- *Resolution set to Fixed*

Fixed in [r1216](#) (only pre tags are not escaped since they're used to enter preformatted text).
