Redmine - Defect #7960

Settings->email->notified_events bug

2011-03-22 20:17 - Petr Pospisil

Status:	Closed		**Start date:**	2011-03-22
Priority:	Urgent		**Due date:**	
Assignee:			**% Done:**	100%
Category:	Administration		**Estimated time:**	1.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	1.1.2

Description

Hi,

in SettingsController was changed row to "@notifiables = Redmine::Notifiable.all", but helper SettingsHelper (method setting_multiselect) doesn't reflect it. Please add "value = value.name if value.is_a?(Redmine::Notifiable)" between row #46 and #47.

```
        text, value = (choice.is_a?(Array) ? choice : [choice, choice])
        value = value.name if value.is_a?(Redmine::Notifiable)
        content_tag('label',
          check_box_tag("settings[#{setting}][]", value, Setting.send(setting).include?(value)) +
text.to_s,
          :class => 'block'
        )
```

Without this patch checkboxes at view "settings/_notifications.rhtml" are never checked so emails are not send. Thank you for fix.

Petr

Can't reproduce.

setting_multiselect is not used to render the checkboxes ?

#2 - 2011-03-24 01:25 - Petr Pospisil

- *Status changed from New to Resolved*

- *% Done changed from 0 to 100*

#3 - 2011-03-24 10:16 - Etienne Massip

- *Status changed from Resolved to Closed*

- *Resolution set to Invalid*

Did you find the source of your issue ?

#4 - 2011-03-25 00:00 - Petr Pospisil

oh yeah :-). I had a older version of settings/_notifications.rhtml. I am sorry for the confusion. Petr
