Redmine - Defect #7966

MailHandler does not include JournalDetail for attached files

2011-03-23 09:59 - Anders Aagaard

Status:	Closed		**Start date:**	2011-03-23
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Email receiving		**Estimated time:**	0.00 hour
Target version:	1.3.0			
Resolution:	Fixed		**Affected version:**	

Description
The function "def add_attachments(obj)" does not add the apropriate journal detail link. So when you import files with the email importer it's impossible to tell in which import the files came from. And because of that very difficult to figure out what files are newest/relevant to the content.

Associated revisions

Revision 6312 - 2011-07-24 11:34 - Jean-Philippe Lang

Fixed: MailHandler does not include JournalDetail for attached files (#7966).
