Redmine - Feature #7968

Order tasks by time on Gannt

2011-03-23 12:39 - Cassiano Monteiro

Target version:			
Resolution:	Duplicate		

Description

Nowadays, Gannt displays tasks ordered by their ID (I assume). So, if I have to add a new task that comes before other tasks, it will display the task at the bottom of the list, and the diagram will show its bar below the others. It would be good if the tasks list was ordered by start date, so the bottom most task would be the last one, and the bars on the diagram would be following the timeline of the project.
