

Redmine - Defect #8052

undefined method `set_cookie_header!' for Rack::Utils:Module

2011-04-04 00:45 - Jason van Dyk

Status:	Closed	Start date:	2011-04-04
Priority:	High	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		

Description

Upgraded to the latest revision (5304) and rails 2.3.11 and receive the following error. I have also tried back dating to 1.1.2 and earlier with no luck... As well as trying 2.3.5 rails

Starting mylyn-connector plugin for RedMine

History

#1 - 2011-04-04 01:02 - Jason van Dyk

Found out that running through webrick, everything works fine, problem is limited to running Redmine under Apache2.

#2 - 2011-04-04 10:05 - Etienne Massip

You should upgrade Rack to 1.1.0, see [RedmineInstall](#).

#3 - 2011-04-04 10:08 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid

#4 - 2011-06-04 00:51 - Jason van Dyk

- % Done changed from 0 to 100

For anyone else that gets this problem, upgrading passenger to a more recent version was the final solution for myself... which at the time isn't mentioned as a requirement in the install guide.

#5 - 2011-06-04 14:12 - Etienne Massip

Feel free to update it, this could be useful to others indeed.

#6 - 2011-06-04 14:13 - Etienne Massip

Or just tell us which minimal Passenger version is required for which Redmine version if you can't.

#7 - 2011-07-06 07:27 - Matt Williams

When I upgraded to 1.2 stable I ended up having to upgrade passenger. 3.0.7 was the current version at the time. The upgrade did make the error go away. I can't confirm that is the minimum version of passenger you need, but it does work with Redmine 1.2 .
