Description

Links ending with curly brackets are not correctly interpreted:
Example: [http://www.abc.com/viewdetails.aspx?reqid={88991511-FC0F-4923-AF00-5289367A596A}](http://www.abc.com/viewdetails.aspx?reqid={88991511-FC0F-4923-AF00-5289367A596A})
or [Link](http://www.abc.com/viewdetails.aspx?reqid={88991511-FC0F-4923-AF00-5289367A596A})&abc=1

Notice that this problem only occurs if the link is ending with a curly bracket, not if the curly bracket is in the middle of the link: [http://www.abc.com/viewdetails.aspx?reqid={88991511-FC0F-4923-AF00-5289367A596A}]&abc=1

Related issues:

History

#1 - 2011-04-04 14:06 - Etienne Massip
- Target version set to Candidate for next minor release

#2 - 2013-04-09 17:19 - Filou Centrinov
For me it seems to be a "RedCloth issue", because it's also not working like this: [Link](http://www.abc.com/viewdetails.aspx?reqid={88991511-FC0F-4923-AF00-5289367A596A})

Supported in RedCloth 4. More about RedCloth 4: [#6269](http://www.abc.com/viewdetails.aspx?reqid={88991511-FC0F-4923-AF00-5289367A596A})
