

Redmine - Patch #8109

Support for global permissions in acts_as_attachable

2011-04-08 23:09 - Andriy Lesyuk

Status: New	Start date: 2011-04-08
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description	
If an attachment is to be shown (e.g. an image) outside a project, view_permission option does not work:	
<pre>acts_as_attachable :view_permission => :view_attachments</pre>	
This happens because acts_as_attachable supports only project permissions. The attached patch adds support for global permissions as well...
