Target version:				

Description

This patch takes the RedmineWikiFormatting page and makes it available as a static HTML file locally. This way, intranet deployments, or other deployments do not need to be dependent upon redmine.org for proper operation.

Compliments: #766

Note: both wiki help pages should be updated after applying the Git branch, which adds commit: links.

Revision 1244 - 2008-03-13 15:14 - John Goerzen

This patch takes the RedmineWikiFormatting page and makes it available
as a static HTML file locally. This way, intranet deployments, or
other deployments do not need to be dependent upon redmine.org in
order to display this help.

Closes #815.

History

#1 - 2008-03-12 20:58 - John Goerzen

Attaching an updated patch with more sane HTML.

#2 - 2008-03-12 20:59 - John Goerzen

- File 815.diff added

#3 - 2008-03-13 15:17 - John Goerzen

- Status changed from New to Closed

- % Done changed from 0 to 100

Applied in changeset r1244.
