

Redmine - Feature #8227

My roadmap

2011-04-26 16:47 - Valdir Stiebe Junior

Status:	Closed	Start date:	2011-04-26
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	My page	Estimated time:	0.00 hour
Target version:			
Resolution:	Invalid		
Description Allow filter the roadmap with only assigned to me issues. Or add a grouping (version, projects) possibility on the "issues assigned to me" on "my page".			

History

- Category set to My page

Why not use the issues list ?

#2 - 2011-04-26 17:14 - Valdir Stiebe Junior

I am using it today. But I miss the "target version" group.

There is any way to edit the "issues assigned to me" filter on my page?

Or we could have a my page item "custom filter" so we can choose an specific filter (with sorted columns) on my page.

Hmm, I think that we could remove this issue.

The grouping feature on the issues list plus the "custom filter" on the my page items will be a better solution.

May I add an issue for eacho of this? "groups on issues list" and "custom filter on my page items".

Sorry, I meant : "Why not use the issues list in the issues tab ?"

#4 - 2011-04-26 17:48 - Valdir Stiebe Junior

That will work. I saved a filter called "my roadmap".

But I couldn't sort the target version groups.

Yes, this is a known defect, see [#3511](#).

#6 - 2011-04-26 18:14 - Valdir Stiebe Junior

Ok, thank you Etienne, you may close this Feature Request or mark it as duplicate from [#3511](#).

I will only add a suggestion for allowing custom filters to be added on the "my page".

#7 - 2011-04-26 18:18 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid

Thanks.
