

Redmine - Feature #8258

Group collapsed/expanded state should be "sticky".

2011-04-30 17:36 - Cyber Sprocket

Status:	New	Start date:	2011-04-30
Priority:	Normal	Due date:	
Assignee:	johann sebatian	% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
If you collapse groups they always go back to an expanded state after you update a task & go back to the issue list.			
Group states should be stored in the session similar to how which filter you were using is remembered.
