

## Redmine - Defect #827

### old cookies cause an error on page load

2008-03-11 04:33 - Marc Horowitz

Status:	Closed	Start date:	2008-03-11
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Resolution:	Fixed	Affected version:	

#### Description

I had created a redmine install with a test database. After experimenting, I blew the database away and recreated it. I then visited the URL for the redmine server, and got a ruby error page:

Internal error An error occurred on the page you were trying to access. If you continue to experience problems please contact your redMine administrator for assistance.

I've appended the log message from stdout. If I nuke the \_session\_id cookie, then everything is ok again.

Processing WelcomeController#index (for 98.216.109.205 at 2008-03-11 03:21:01) [GET]

Session ID: 0bc577c41a0f4ba920156f0e6b4bbd16

Parameters: {"action"=>"index", "controller"=>"welcome"}

ActiveRecord::RecordNotFound (Couldn't find User with ID=3):
