<p>Description</p> <p>When viewing the Activity page, anytime a file is displayed in the latest activity, the description doesn't show properly, i.e., it shows the title again, not the description. Here's the affected code in apps/views/projects/activity.rhtml, lines 7-14:</p> <pre>7: <% @events_by_day[day].sort { x,y y.event_datetime <=> x.event_datetime }.each do e -> 8: <dt class="<= e.class.name.downcase ">"><= format_time(e.event_datetime, false) > 9: <= link_to h(truncate(e.event_title, 100)), e.event_url ></dt> 10: <dd>< unless e.event_description.blank? -> 11: *<= format_activity_description(e.event_description) >*
 12: < end > 13: <= e.event_author if e.respond_to?(:event_author) ></dd> 14: < end -%></pre> <p>Even though this code looks right, the file is displayed like this...</p> <p>[Time] 10:42 PM [Title] File_Title_Example.jpg [Title] File_Title_Example.jpg [Author] Marty McGee</p> <p>but should be displayed like this...</p> <p>[Time] 10:42 PM [Title] File_Title_Example.jpg [Description] File Description Example [Author] Marty McGee</p>
