

Redmine - Defect #828

Files displayed in Projects::Activity view shows title twice, but no description

2008-03-11 07:47 - Marty McGee

Status: Closed	Start date: 2008-03-11
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version: 0.7	Affected version:
Resolution: Fixed	

Description

When viewing the Activity page, anytime a file is displayed in the latest activity, the description doesn't show properly, i.e., it shows the title again, not the description. Here's the affected code in apps/views/projects/activity.rhtml, lines 7-14:

```
7: <% @events_by_day[day].sort {|x,y| y.event_datetime <=> x.event_datetime }.each do |e| ->
8:   <dt class="<= e.class.name.downcase >"><span class="time"><= format_time(e.event_datetime, false) ></span>
9:   <= link_to h(truncate(e.event_title, 100)), e.event_url ></dt>
10:  <dd>< unless e.event_description.blank? ->
11:    <span class="description">*<= format_activity_description(e.event_description) >*</span><br />
12:  < end >
13:  <span class="author"><= e.event_author if e.respond_to?(:event_author) ></span></dd>
14: < end -%>
```

Even though this code looks right, the file is displayed like this...

[Time] 10:42 PM [Title] File_Title_Example.jpg
[Title] File_Title_Example.jpg
[Author] Marty McGee

but should be displayed like this...

[Time] 10:42 PM [Title] File_Title_Example.jpg
[Description] File Description Example
[Author] Marty McGee

History

#1 - 2008-03-11 20:36 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Fixed

Fixed in r1227. The attachment description is now displayed in the activity view.

#2 - 2008-04-01 12:38 - Laradji nacer

- Status changed from Closed to Reopened
- Target version set to 0.7

I think i have the same problem from .

I have update from 0.6 to 0.7-stable branch in dev.

ActionView::TemplateError (undefined method `description' for #<Attachment:0xb7151b40>) on line #11 of projects/activity.rhtml:

```
8: <% @events_by_day[day].sort {|x,y| y.event_datetime <=> x.event_datetime }.each do |e| ->
```

```
9: <dt class="<%= e.class.name.downcase %>"><span class="time"><%= format_time(e.event_datetime, false) %></span>
```

```
10: <%= content_tag('span', h(e.project), :class => 'project') if @project.nil? || @project != e.project %> <%= link_to h(truncate(e.event_title, 100)),  
e.event_url %></dt>
```

```
11: <dd>< unless e.event_description.blank? ->
```

```
12: <span class="description"><%= format_activity_description(e.event_description) %></span><br />
```

```
13: < end %>
```

```
14: <span class="author"><%= e.event_author if e.respond_to?(:event_author) %></span></dd>
```

sh-3.1# svn update

À la révision 1315.

#3 - 2008-04-01 12:48 - Laradji nacer

Can you close it? its my bad forget to update the db. :)

#4 - 2008-04-01 12:51 - Thomas Lecavelier

- Status changed from Reopened to Closed

Solved on IRC, user forgot to migrate its database.
