

Redmine - Feature #8326

Mouse Scrollable Gantt

2011-05-10 10:45 - Jeffrey Jones

Status:	New	Start date:	2011-05-10
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Gantt	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
<p>Not sure how feasible this is but it would improve usability tremendously if the user could scroll the Gantt left and right using the mouse instead of having to go to the bottom and using the scrollbar.</p> <p>I am pretty sure this should be doable with some JavaScript.</p>

This is possible at least in Firefox, using Shift + scroll wheel.
