Redmine - Feature #8326

Mouse Scrollable Gantt

2011-05-10 10:45 - Jeffrey Jones

Status:	New		**Start date:**	2011-05-10
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Gantt		**Estimated time:**	0.00 hour
Target version:				
Resolution:				

Description

Not sure how feasible this is but it would improve usability tremendously if the user could scroll the Gantt left and right using the mouse instead of having to go to the bottom and using the scollbar.

I am pretty sure this should be doable with some JavaScript.

This is possible at least in Firefox, using Shift + scroll wheel.
