# Redmine - Defect #8346

# Git: Previous and Next links are confusing

2011-05-12 09:43 - Be Fio

Status: Closed Start date: 2011-05-12

Priority: Normal Due date:

Assignee: % Done: 0%

Category: SCM Estimated time: 0.00 hour

Target version:

**Resolution:** Duplicate **Affected version:** 0.9.0

## Description

On the repository tab, using Git as the SCM, I clicked Previous and Next, and found out that previous went to the newer commits, and Next went to the older commits. I don't know if this is the case for other SCM's, but this was really confusing to me. I'm sure it can/will be to others as well.
