Redmine - Defect #8359

User can ignore issue workflow if moving issue

2011-05-12 22:02 - Maxim Strukov

Status:	New	**Start date:**	2011-05-12
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues workflow	**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	1.1.3

Description

For example, I have three statuses of issue:

- New
- Fixed
- Closed

And workflow permits only New <-> Fixed <-> Closed.
But if I click Move issue, then I can do New -> Closed and Closed -> New transition. I think this is a bug.
