

Redmine - Feature #8365

Git: per project setting to report last commit or not in repository tree

2011-05-13 05:27 - Toshi MARUYAMA

Status:	Closed	Start date:	2011-05-13
Priority:	Normal	Due date:	
Assignee:	Toshi MARUYAMA	% Done:	0%
Category:	SCM	Estimated time:	0.00 hour
Target version:	1.2.0		
Resolution:	Fixed		

Description

Git repository tree browsing is very slow.
Please see defect [#7047](#).

[note-12](#) of [#4773](#)

Actually, what is really slow when browsing a git repository is to get information about last change on each file using git log -n 1.
When removing this, browsing is pretty fast. Maybe we should disable this.
