|---|---|---|---|---|
| **Status:** | Closed | | **Start date:** | 2011-05-31 |
| **Priority:** | High | | **Due date:** | |
| **Assignee:** | | | **% Done:** | 0% |
| **Category:** | UI | | **Estimated time:** | 0.00 hour |
| **Target version:** | | | | |
| **Resolution:** | Invalid | | **Affected version:** | 1.2.0 |
| **Description** | | | | |
| Every page is served in plain-text content type instead of text/html. Affected are only combination with Mongrel and Apache. | | | | |

**History**

**#1 - 2011-05-31 15:14 - Etienne Massip**

Guess it's either an Apache misconfiguration or related to Mongrel compatibility issues with Rails 2.3.11, see RedmineInstall I just updated.

**#2 - 2011-05-31 15:22 - Petr Pospisil**

Thx for update. I will try it.

It is possible to include this patch to Redmine?

**#3 - 2011-05-31 17:24 - Etienne Massip**

I guess not, #7688 has already been closed as "Won't fix", meaning (as stated earlier on by JPL in #3892) that it's not Redmine responsibility to fix Mongrel issues.

**#4 - 2011-06-03 09:29 - Oleg Agafonov**

Etienne Massip, it's possible to add a special file "mongrel.rb" to "config/initializers" dir. More info in #7688

**#5 - 2011-06-03 09:45 - Etienne Massip**

Yes, I'm the author of the original comment of #7688.

It's not only possible, it's **mandatory** if you want to run Redmine 1.2.0 / Rails 2.3.11 with Mongrel.

**#6 - 2013-06-25 13:07 - Petr Pospisil**

- Status changed from New to Resolved

**#7 - 2013-06-25 14:50 - Etienne Massip**

- Status changed from Resolved to Closed

- Resolution set to Invalid
