Category:	Gantt	Estimated time:	0.00 hour
Target version:		Affected version:	1.2.0
Resolution:	Duplicate		
Description Just upgraded from 1.1.2 to 1.2, and found that the projects on the Gantt page are not really sorted (or sorted in some unknown order).			
Related issues: Is duplicate of Redmine - Defect #7335: Sorting issues in gantt by date, not ... Closed 2011-01-15

I also had this problem. After upgrade from 1.1.3 to 1.2, projects and issues that before were ordered by start date, now are ordered by id, what i think is not ideal. Is there some way to change that behavior, is it a choice made by developers or just a bug ?, because it doesn't appear in 1.2.1 roadmap yet.

- *Status changed from New to Closed*

- *Resolution set to Duplicate*

Gantt sort implementation changed from 1.1 to 1.2.
1.2 sort by id and tree.

Date sorting is discussed in [#7335](#).
I close this issue in duplicate.
