## Redmine - Feature #8545

# "get projects" REST API response should handle "include=trackers" parameter

2011-06-06 20:34 - Alex Last

Status: Closed Start date: 2011-06-06

Priority: Normal Due date:

Assignee: Jean-Baptiste Barth % Done: 0%

Category: REST API Estimated time: 0.00 hour

Target version:

Resolution: Duplicate

## Description

http://myserver:3000/projects.xml?limit=25&offset=0&include=trackers

- this returns list of projects without trackers

is this intended? maybe the REST API can add some comment to the response like "your xxx parameter was ignored because..."

#### Related issues:

Is duplicate of Redmine - Patch #17602: Include enabled modules in projects API

Closed

#### History

## #1 - 2011-06-07 09:15 - Etienne Massip

- Tracker changed from Defect to Feature

It's not handled.

## #2 - 2011-06-07 09:16 - Etienne Massip

- Subject changed from "get projects" REST API response ignores "include=trackers" parameter to "get projects" REST API response should handle "include=trackers" parameter
- Target version set to Candidate for next major release

#### #3 - 2012-01-14 21:21 - Alex Last

can we include this into Redmine 1.3.1?

#### #4 - 2012-01-24 22:31 - Preethi Sriram

- File IncludeTracker.diff added

Patch is attached to include trackers in get projects api

Test-

http://myserver:3000/projects.xml?limit=25&offset=0&include=trackers

will include tracker information for each project.

#### #5 - 2012-04-20 07:42 - Alex Last

what/when is the "next major release"?

## #6 - 2014-09-08 02:27 - Alex Last

let's merge this into "master"?

# #7 - 2014-09-08 06:40 - Jean-Baptiste Barth

- Assignee set to Jean-Baptiste Barth

Do you have a use case where it's useful to get trackers for all projects? If there are valid use cases I can commit the patch but it needs some tests first.

Fwiw the information can already be retrieved for a single project with the exact same parameter.

## #8 - 2014-09-08 08:50 - Jan from Planio www.plan.io

- Status changed from New to Closed

2025-05-02 1/2

- Resolution set to Duplicate

IMHO this can be closed since #17602 is now merged and implements this (as well as for enabled modules).

## #9 - 2014-09-08 08:50 - Jan from Planio www.plan.io

- Is duplicate of Patch #17602: Include enabled modules in projects API added

# #10 - 2014-09-08 09:11 - Etienne Massip

- Target version deleted (Candidate for next major release)

## #11 - 2014-09-08 14:08 - Jean-Baptiste Barth

Oh yes you're right Jan, it's now even on project#index! As long as it's optionnal it seems OK to me, I updated the docs accordingly.

## #12 - 2014-09-08 22:08 - Alex Last

what is the minimum Redmine version that has this change?

# #13 - 2014-09-09 06:07 - Jean-Baptiste Barth

The field is already accessible for a specific project for a long time (GET /projects/:id) but in the projects list (GET /projects) it's only on the svn trunk for now. It will be included in Redmine 2.6.0 which isn't out yet.
