

Redmine - Defect #8557

Wiki Toolbar icons

2011-06-07 17:17 - Vladimir Dzalbo

Status:	Closed	Start date:	2011-06-07
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	1.2.0
Resolution:	Invalid		
Description			
After updating Redmine to 1.2.0 we issued a problem that Wiki toolbar icons are not displayed properly: instead of icons text is used. (see attachment)			
Interestingly this happens not all the time (e.g., on Wiki or New Issue pages they are not displayed, while on Update Issue everything looks ok)			
Has anybody experienced anything similar?

You should upgrade Wiki Extensions Plugin.
It's a problem of the plugin. Not of redmine core.

#3 - 2011-06-08 10:37 - Vladimir Dzalbo

- Status changed from New to Resolved

Apparently that is a redmine_wiki_extensions problem

#4 - 2011-06-08 18:23 - Etienne Massip

- Status changed from Resolved to Closed

- Resolution set to Invalid
