Target version:	1.4.1	Affected version:	1.2.0
Resolution:	Fixed		
Description			
After the last update from 1.1 to 1.2 we got following bug. This can also be reproduced on demo.redmine.org.			
Steps to reproduce			
<ol style="list-style-type: none">1. Go to any project's Overview page. Then go to Report.2. By default you see "all time" selected (http://screencast.com/t/UZ4tIC611).3. Click on calendar icon and select range from a day one week before (in this sample I selected 2011-06-02) to previous day (here I selected 2011-06-08).4. Click "Apply".			
Expected result			
Date range stays the same (from 2011-06-02 to 2011-06-08) and you can follow with adding "details".			
Actual result			
Date range is reset to default one (from 2011-06-09 to 2011-06-09) http://screencast.com/t/9AxjulkIQQuo So, you have to select necessary range again :((from 2011-06-02 to 2011-06-08)...
